PROFILE

I am a motivated Information Technology graduate from Bahir Dar University (Class of 2024). I have hands-on experience in **network installation and configuration** through my internship at Debre Berhan University and **customer/data support** as a National ID Agent at Ethio Telecom. Alongside my professional roles, I have developed strong **frontend development skills** through self-study and personal projects. I am eager to grow my career in both **IT support** and **software development**.
